

Courses in Expert Practice Diagnostic Cytology

Urine,
Respiratory &
Serous Fluids

Wakefield
20th, 21st, 22nd and 23rd November 2018

Further information and application forms for any of our courses are available
from our Administration Team:

Administration: Kathryn Hawke 0113 246 6332 kathryn.hawke@nhs.net

Amy Harris 0113 246 6330 amy.harris5@nhs.net

Three one-day courses covering serous fluids, urine and respiratory cytology. All three are ideal for anyone wishing to further their experience in non-gynae cytology and there is also a fourth half day ideal for anyone intending to sit the IBMS Diploma of Expert Practice in Non Gynaecological Cytology. **The days are suitable for both non-medical and medical staff.**

Each day covers serous fluids, urine and respiratory cytology in turn and will include lectures, workshops, multiheader sessions and self-assessment elements.

The days will also include discussion on collection and preparation techniques and sessions on immunocytochemistry and future technologies. The final day is a half day tutorial for those intending to sit the IBMS Diploma of Extended Practice in Non Gynaecological Cytology.

We have organised these days so that participants can attend one, two, three or all of the all days and these can be booked separately or as a block.

Course Tutors;

Teresa Russell: Cytology lead in the Cellular Pathology department, University of Wales, Cardiff

Dr Behdad Shambayati: Consultant Clinical Scientist and Chief Examiner in Cytopathology for the IBMS

Venue

Wakefield: The centre is situated in a commercial site in Silkwood Park close to Junction 40 of the M1. We are 20 miles from Leeds Bradford airport, 13 miles from Leeds City railway station and just 2 miles from both Wakefield railway stations. Should it be required excellent accommodation is available adjacent to the Training Centre at the Ramada Hotel:

<http://www.ramada.co.uk/hotels/united-kingdom/yorkshire/ramada-wakefield/hotel-overview>

Rates are available from just £53 and might be cheaper on the various commercial sites.
