

**One-Day Update Courses
In
Non-Gynae Cytology
Serous Fluids**

**2nd July 2019
Manchester**

Further information and application forms for any of our courses are available from our Administration Team:

Administration: Manchester 0161 276 5114
 Wakefield 0113 246 6330
 Email sht-tr.nepsec@nhs.net

This course aims to introduce serous fluid cytology to those new to the field and provide an update for those already experienced in it. The tutors are all highly experienced consultant pathologists, consultant BMS.

Part of the focus for the course is to help BMS staff understand the clinical implications of the decisions which they may make. The MDT session should reinforce this aspect.

Course Tutors

Dr Durgesh N Rana Consultant Cytopathologist & Clinical lead in non gynaecological cytology

Miss Nadira Narine Consultant Biomedical Scientist in non gynaecological cytology

Learning Outcomes

At the end of the session individuals should be able to:

- List the types of serous fluid samples received in the Cytology Department
- Apply essentials of sample preparation techniques
- Appreciate the role of BMS in primary screening serous fluid cytology samples
- Establish a systematic approach to morphological diagnosis
- Understand the judicious use of ancillary techniques
- Know how to use cytology in an emerging world of personalised medicine to render a final diagnosis to clinicians, thus obviating the need for invasive procedures to obtain diagnostic tissue

Cost

NHS BMS Participants attending from the North West, North East, Yorkshire and East Midlands regions will incur a £15 per day administration fee only.

For other participants outside the above areas and/or non BMS the cost is £120 for the day. Lunch, tea & coffee are included.

Venue

This course is operated from our Manchester site.

Manchester: NEPSEC: Manchester Royal Infirmary, Oxford Road, Manchester M13 9WL
