

**One-Day Update Courses
In
Non-Gynae Cytology
Urinary tract**

**9th July 2019
Manchester**

Further information and application forms for any of our courses are available from our Administration Team:

Administration: Manchester 0161 276 5114
 Wakefield 0113 246 6330
 Email sht-tr.nepsec@nhs.net

This course aims to introduce biomedical scientists new to the field to urine cytology and provide an update for those already experienced in it.

The inclusion of an MDT session is intended to accentuate the importance of clinical correlation and highlight the potential consequences of each report.

Course Tutors

Dr Durgesh N Rana Consultant Cytopathologist & Clinical lead in non gynaecological cytology

Miss Nadira Narine Lead Biomedical Scientist in non gynaecological cytology

Dr James Bolton Consultant Histopathologist

Learning Outcomes

At the end of the session individuals should be able to:

- Understand the anatomy and histology of the urinary tract
- List all types of urinary cytology specimens received in the Cytology Department
- Apply essentials of sample preparation techniques
- Establish a systematic approach to morphological diagnosis, importance of clinical information, methods of sample collection and use of molecular diagnostic techniques
- Understand the role of biomedical scientist in screening and reporting urine cytology samples
- Advocate the role of cytology in applying best practice due to involvement in multidisciplinary meetings.

Cost

NHS BMS Participants attending from the North West, North East, Yorkshire and East Midlands regions will incur a £15 per day administration fee only.

For other participants outside the above areas and/or non BMS the cost is £120 for the day. Lunch, tea & coffee are included.

Venue

This course is operated from our Manchester site.

Manchester: NEPSEC: Manchester Royal Infirmary, Oxford Road, Manchester M13 9WL

COURSE PROGRAMME

9th July 2019

<i>08:30</i>	<i>Registration</i>
08:45	Introduction
09:00	Anatomy and histology of the urinary tract
09:30	Sample types, preparation and essential role of BMS at quality control and screening
10:00	Morphology lecture
<i>11:00</i>	<i>Break</i>
11:20	Slide seminar
<i>12:30</i>	<i>Lunch</i>
13:00	Multiheader session
14:00	Workshop cases
15:00	NICE guidelines on treatment of bladder cancer
<i>15:30</i>	<i>Break</i>
15:45	MDT discussion involving Urologist
16:45	Consolidation – achievements today
<i>17:00</i>	<i>Close</i>

Further details and an application form are available from our administration team on the numbers given at the front of the programme.
