NEPSEC North of England Pathology and Screening Education Centre

NHS

The North of England Pathology Screening & Education Centre (NEPSEC) Pre-Examination Course is a four-day course designed for both BMS grades and Cytology Screeners who are intending to sit the Certificate in Cervical Cytology examination.

This intensive course consists of preparation and practice in both practical and written components, followed by a mock examination. In addition to advice on practical and written examination technique, there is access to the teaching slide collection and test material.

The course is open to anyone intending to sit the examination, but priority will be given to those who have a definite examination date.

Students are reminded that they should bring their portfolio to the course for review and signing as needed.

Microscopes

Although ergonomic microscopes are provided and all discussion sessions are on our 18 headed Olympus multiheaded microscope. Participants can and are encouraged to bring their own microscopes if they wish.
